SECURITY  
FOR A  
SUSTAINABLE  
FUTURE**

## ABOUT US

Founded in 2016 by individuals with more than 30 years of experience in Information Security, Ferro Technics Inc. provides highly specialized services in IT Security certification trainings as well as consulting services in the field of cyber-security, cloud security, risk management and ISO 27001 implementation.

We are dedicated to help organizations counter internal and external threats to their computing and information assets by helping them develop policies, identify vulnerabilities and threats and implement controls based on ISO 27001 and NIST standards.
