

## PECB Certified Human Resources Security Foundation

Become acquainted with the best practices of Human Resources Security Foundation

### Why should you attend?

The Human Resources Security Foundation training course allows you to learn the basic elements to implement and manage information security controls before, during and after a recruitment process. By the end of this training course, you will be able to understand the best practices of implementing human resources security controls in compliance with the ISO/IEC 27002 standard.

Having completed this training course, you can sit for the exam and apply for the “PECB Certified Human Resources Security Foundation” credential. A PECB Foundation certificate shows that you have grasped the fundamental concepts, methods, and management approaches to Human Resources Security.
